2026 EDITION

ABOUT K12 ACADEMICS

The world's largest education resource.

Online since 2004, K12 Academics has helped millions of families, students and educators **find the right school, college, camp, business and program in their community** — reaching 185 countries every month.

21+	200+	30M+	185
Years online, since 2004	Directories, national & global	People reached each year	Countries reached monthly

A COMPANION VOLUME

This atlas pairs with our **World Education Atlas**, which profiles the school system of all 195 countries. Here we focus on **outcomes** — how students actually perform on the world's benchmark assessment.

SEARCH 200+ DIRECTORIES

K-12 Schools · Colleges & Universities · Vendors · Summer Programs · International Programs · Performers

WHAT THIS IS

The world's report card.

Every three years, the OECD0s **PISA** test measures how well 15-year-olds in dozens of countries apply **math, reading & science** to real problems. This atlas gives **each participating system its own page** with its scores and world rank.

Math **Reading** **Science**

READING THE SCORES

PISA scores sit on a scale around **500**. The **OECD averages** in 2022 were **472 math**, **476 reading**, and **485 science** — shown as a marker line on every chart. A **~20-point** gap is roughly one year of schooling. East Asian systems lead; the pandemic pushed most scores down since 2018.

ON EACH PAGE

- **Three subject scores** — math, reading & science, vs the OECD average
- **World rank** — by overall PISA performance (of 80 systems)
- **Profile** — where the system is strong or lagging

Source. OECD, Programme for International Student Assessment (**PISA 2022**), Results Volume I. Some entries are economies or regions (e.g., Hong Kong, Taiwan). Scores are mean scale scores.
